

ALL UNIFORMS MUST BE CLEAN TO ENABLE PROCESSING

Cleaning

- ✓ All winter pinafores, skirts, blazers, overcoats and jumpers need to be **dry cleaned**, leaving the dry cleaning tag attached.

All other school uniform articles and school bags are to be laundered. Soaking your items, especially blouses and dresses in a colour fast soaker will help remove stains and improve the look and value of the items.

Pricing

- ✓ Pricing of all items start at 50% of the new price for items in excellent condition. The price is reduced in accordance with the condition of each item.

- ✗ **Items will not be accepted for sale if they are stained, damaged or have holes in them, or if they are not on the current school uniform listing.** Any article deemed **unfit for sale** will become the property of the second hand uniform shop and will be disposed of accordingly.

Sale of Goods

When the items have been sold, an amount equal to two thirds of the sale price will be credited to your next school account (where practicable). Amounts less than \$15, will be 'held' until further items are sold. A donation of the remaining third is made on your behalf to the Parents and Friends Association.

I have read and agree to the above information in regards to the receipt and sale of my daughter's uniforms.

Daughters Name _____ Year at school _____

If left, which year _____ Student number _____ Number of items _____

Address: _____
